

Driving to the Apartment

Address: Via Stazione Vecchia, 8, 84060 PISCIOTTA (SA)

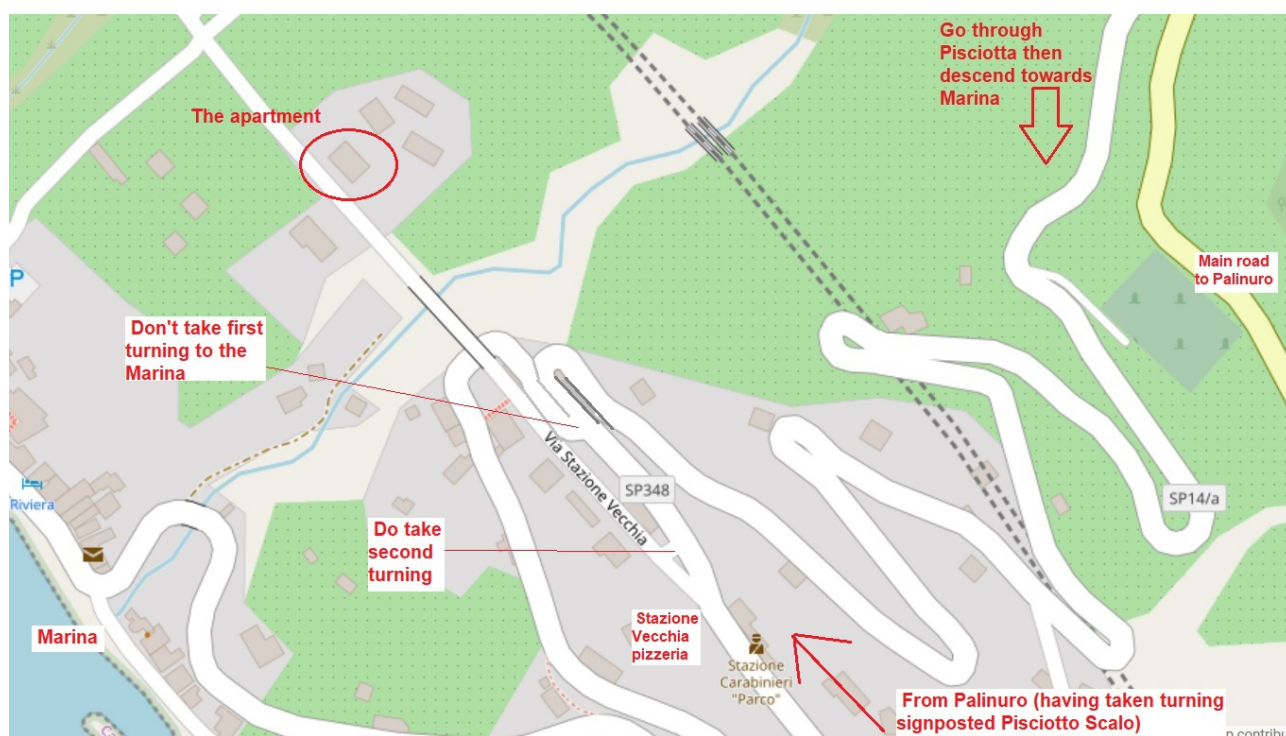

Lat - 40.104090127537816

Long – 15.2300763130188

Advice: the road to the north of Pisciotta is subject to subsidence and is very distressed. It's accessible only to regular cars (4 x 4s would be best) – no trucks or minibuses. You may want to drive on smoother main roads further inland and then turn off to Palinuro to avoid this obstacle.

2 ways of approaching the apartment – from the North or from the South

Northern approach – drive through Pisciotta then slide right down towards the marina. After many hairpins watch out for a tricky junction near taller buildings – check out the map below.

Southern approach – much simpler/less prone to going wrong – drive from Palinuro going north and take the lower road to Pisciotta Scalo (or Marina). Go past the railway station and look out for an odd left hand-turn just past the Carabinieri station to continue on Via Statzione Vecchia.

Note: the road outside the apartment was once a railway track so it doesn't relate to the pre-existing roads in an entirely logical way...
