

Getting Out of Naples Airport

Updated 7th May 2022

Options - taxi/bus/car hire:

Naples airport is small – you should be out quickly. Outside the **taxi rank** is to the front via the left-hand covered walkway – taxi to central Naples around **20euros** (confirm price before getting in) - ask to go to **Stazione Centrale** if catching a train

Shuttle bus to car hire centre is also here, towards the right - the right-hand covered walkway takes you away from the airport and onto more covered walkways – this leads to the **AliBus stop** 100m from airport exit – 5euros each to the **central train station** (pay on the bus) - flat fee, no choices

Car Hire

Past the Alibus stop turn right and walk 200m to the **main car hire carpark**, alternatively take a shuttle bus from the terminal. Other car hires available even further away so may require you to phone them for shuttle pick up
